

come up, (aug. 2012)

come up with something!

what?

what for?

for?

for

fear

come on!

on the run

on the money

on the future

on the past

past

pass

by

by the way

it's nothing special

but i don't like to show it

i would prefer not to

show

show time

time shows

show me

show you

show it!

i just found out

about

but

i like to hide

hide me

hide out

you know

no

normal

not normal

neither nor

what?

for?

for the run

for the money

for the future

for the few

for the most

for the most out of it!

for the masses

for the mess

for the message

for the sage

for the sake

order!

i'd like to have...

come on

come up

come up with something!

what?

what for?

forever

everyday

day

delay

i lay down

somewhere

downtown

and

and

so long

waste the run,

waste money,

waste future,

waste past

pass out

piss off

off space

have you heard about this?

this is

or

something

else

elsewhere

somewhere else

I wished to be

somewhere else

or

elsewhere

wherever

forever

or everyday

everyday

life

the ordinary

order!

yes

or

no

I'd prefer not to
